Attn.: Mr. Peter Metzger

Re: Gaming & Hospitality Projects
Carpet Options – 60,000 yards +

Dear Peter,

LPCiminelli is working on a large array of secured and potential, Gaming and Hospitality projects nationwide. Aqueduct, Fairgrounds and The Concord in New York, projects in West Virginia, Florida and other projects out West are on our current list. Our estimates expected carpet volume to exceed 60,000+ yards.

As we have done in the past with Metzger Inc, please generate an RFP to identify the industries full spectrum of construction options from print, woven, tufted and carpet tile at all quality and construction levels. Review custom vs. running line costs, guestroom to casino floor construction levels, etc.

LP Ciminelli is also assisting our various clients working to achieve LEED Certification levels when requested and we want the carpet mills to detail how they can assist in this goal.

Issue initial RFP's to begin this process, detail RFP replies in reports we will share with our numerous clients. Show each supplier's option at each level of quality next to their competitors "equal" for a true apples to apples approach, open book. Based on the economic climate, we believe we should receive very competitive offers.

Metzger, Inc. will be compensated as detailed in other documents.

Proceed upon receipt.

Sincerely,

Frank L. Ciminelli, II
Senior Vice President
