Dear Peter,

The above two projects, which we are currently working with your firm has again proven to me, your company's value to the client. While many firms like to say they provide a "partnership" approach, Metzger, Inc. delivers.

The product RFP process you orchestrated in our behalf, not only secured the industry's best pricing through well coordinated open book competition, but delivered up front, all the intangible details that a professional buy-out package requires.

Your staff is skillfully managing the process on each of these jobs from design/supplier coordination and the generation of installation bid forms, through scrutinizing the packing lists to protect our interests.

Taco Bell and Calder were both not only under budget with the original benchmark selections and delivered on time, but at Taco Bell, your RFP process also provided viable "equals" that allowed the opportunity of an additional \$100,000 +/- saved on a \$400,000+/- package.

We at L & F Design Build have found this relationship to deliver as promised and will continue to utilize your firm on future work.

Thank you,

L&F Design Build, LLC
