Attn: Peter Metzger
Re: Sears Store, Eagle Ridge Mall

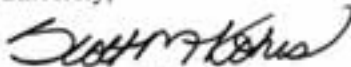

Dear Peter:

I just wanted to drop a short note thanking you for the job well done at the Sears Store located in Lake Wales, Florida. The coordination provided between purchasing the tile and the installation subcontractor made the job a very hassle free experience. We were also impressed by the competence and the quality of the subcontractor which you provided.

Overall, this method of contracting was a very positive experience for us and we would not hesitate to complete another job using this method.

Thanks Again!

Sincerely,

Scott Kohrs, Project Manager
Taylor Ball
